

NP Entrepreneur Spirit of the Year Award

NNPEN recognizes there are exemplars within our organization who are advancing the role of the entrepreneur. We feel strongly that amplifying the message of entrepreneurship is key to fostering others to jump in to practice ownership and to create a community of NPEs who value each other and our community. You are having an impact to change health care delivery.

Here is the chance to recognize a peer in our midst who has exemplified the merits of entrepreneurship. We know many have taken this journey in isolation and many of our members are willing to share their experiences for the betterment of the profession as a whole.

I am sure you or a colleague you know has made a difference by being an entrepreneur.

Don't be shy!
